HIGH TENSION POWER LINES

in our community!

Help stop the installation of high tension power lines along the Rittenhouse corridor. Its time to make our voices heard! The Arizona Corporation Commission (ACC) is planning to submit their recommendation by mid March. Once the recommendation is submitted - High Tension Power Lines will become a permanent fixture around our homes and our community.

Time is running out. Since we have only a few days we need to take immediate action by contacting the ACC and Salt River Project (SRP) to let them know that we will not tolerate and jeopardize the health of our families or the value of our property! Urge the ACC and SRP to install the power lines along the alternate, less populated routes that have been proposed or to place them underground.

Take Action! Write a letter ASAP to:

***The ACC requests that you mail 25 copies of your letters in one envelope as they will be distributed to all registered parties or interveners. Once you submit your letter it will become part of the project file.

Important Additional Information on reverse!

Urgent!

It is important that SRP hear from you and your family.

Be sure to include Abel-Moody 230 KV Transmission Project on all correspondence:

update on our ongoing battle to keep huge
power lines away from our queen creek
homes.

at what we thought would be the final decision meeting, approx. 130 people
attended..

we estimate 100 were on our side!!!!!!!!!!!!!!!!!!!!!! the acc line siting committee
listened to many views and decided that they could not decide!!!
they will hold still more meetings. We know its because of us!!!!

We must keep up the pressure to keep these huge power lines away from our
homes!

send letters and e-mails to everyone at the Arizona corporate commission!!!

go to our new website WWW.RRATL.ORG for
all of the addresses needed and for updates.

Sign the petition for the germann
to meridian route if you have not signed
in person!!!!!!!!!!

this is a fight for our quality of
life!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Rittenhouse Residents Against Transmission Lines

Community Update

August, 2009

On August 5th the Arizona Corporate Commission's (ACC) line sitting committee held a meeting to hear SRPs proposal on running high tension power lines through Queen Creek. It was expected that this would be a meeting in which a final decision would be made. With an estimated 100 people on our side out of 130 people in attendance, the ACC listened to many Queen Creek citizens concerns and has decided that they could not reach a decision. This was clearly due to our presence and voicing our concerns. The ACC is now holding additional meetings to determine a possible better route for the power lines.

We must keep up the pressure and tell the ACC and SRP that we want to keep these huge high tension power lines away from our homes and our families. We are urging you to send letters and/or emails to everyone at the ACC: (See *Take Action* info below).

ANNOUNCEMENT: We have created a new community website for residents of Queen Creek to obtain updates and new information on high tension power lines and future meetings. Family members and neighbors can go online to sign our petition. Please visit our new website at

www.RRATL.org

Take Action! Below is the info for the contact persons at the ACC. We urge you to write/email and/or call the ACC and tell them that you are supporting RRATL and that you want SRP to use the Germann to Meridian route.
